Welcome to the 2020-2021 school year! I want you to know that I recognize this is an extremely challenging time that we are living in. The safety of our students, teachers, staff, and school community will be paramount. Our school will operate under the direct guidance and leadership of our school district as they work to put protocols and procedures in place to keep us all safe, and I will provide you with updates for our school as soon as they are available.

Our theme this year is simple “James Elementary is F.O.C.U.S.E.D” we recognize that we must Find the courage, Open up to challenges, Care and be kind, Understand that dreams only work when I do, Set myself up for success so that anything is possible, Elevate your mindset and DEMAND GREATNESS! Maintaining a strong focus on improving culture, student attendance and data driven instruction is key to our success this year. This work cannot be done in isolation and it will take all of us partnering together to see James Elementary rise to the top.

Our school staff will also do our best to provide a top-level education for your students as we adapt to this ever-changing situation. Please find a summary of the policies and procedures at our school and some general information that should be helpful.
